Could you also tell me how many people have been arrested and convicted for the supply and production of class C drugs in South Yorkshire in the last Ten years. ` (2008-2017)

RESPONSE

I approached our Custody Handling System Administrator for assistance with your request. He has provided the raw data for all drug related offences from which I have extracted those which I believe are relevant to your request and have summarised the results in the spreadsheet attached.

Please note due to the introduction of a new system, we are presently unable to extract arrest data from 4th December 2017 onwards, therefore the year 2017 is not a complete data set.

Please also note - an individual can be arrested for more than one offence.

We are unable to provide conviction data, this information may be available from the Ministry of Justice. To assist however, I have provided a second tab which pivots the specified offences and returns those that have resulted in a 'charge'.
