

24th July 2019

Freedom of Information Request – Reference No:20191632

REQUEST

Please tell me how many times in 2017, 2018 and 2019 your police force gave out
a) penalty charge notices (PCNs) and
b) warnings without PCNs
to individuals using electric scooters
1) on pavements
2) on roads

RESPONSE

I approached our Safety Camera & Systems Administrator for assistance with your request. They have advised:

“that a Fixed penalty ticket would not be issued for an electric scooter. We do not hold information detailed information for warnings”

Therefore in this instance our response is one of No Information Held.
